Residence Hall Closing Information
March 20, 2020

Effective immediately.

All residence halls are now closed. The University is no longer allowing students to return to residential housing – as a health and safety precaution – in an effort to create a barrier to the spread of COVID-19.

This is an extremely challenging and unprecedented health risk. Please respect the University's need to maintain the safety and well-being of our students currently in residential housing and our essential staff, who provide services to them.

More information about the continuation of the Spring 2020 academic semester online will be provided by the University and by your faculty. Please check in with your instructors and Academic Advisors before classes resume online on Monday, March 23.

Thank you and be well.
